

# Moumen Abd-Elazem Soliman

Cairo, Egypt, EET • 19/10/1995 • +2011 28412 656 • [moumensoliman@gmail.com](mailto:moumensoliman@gmail.com) • [Linkedin](#) • [Github](#) • [StackOverflow](#)

**Senior Frontend Software Engineer** with over 6 years of experience in building scalable and reusable components using JavaScript, ReactJS/NextJS, VueJS/NuxtJS, and CSS.

- Revamped **IBM's YourLearning** app by modernizing architecture, enhancing UI, and upgrading features.
- Led the revamp of the **Baims** website, achieving a 200% performance increase compared to the previous version..
- Optimized **CyberTalents** app performance to handle over 800k submissions, utilizing Turbolinks, refactoring the style structure, and enhancing Webpack with Laravel Mix.
- Developed a dynamic business card package at **Reach** to enable users to generate personalized business cards.
- Mentored students and recent graduates globally in computer science fundamentals, JavaScript, React, and Vue through **my course JavaScript First Steps**, and as a React Session Lead at **Udacity** and mentor at **MentorsWithoutBorders**.

## Work Experience

**Senior Frontend Software Engineer • IBM, USA** (Remote via MusalaSoft) **June 2023 - Present**

- Contributed to upgrading a complex enterprise application from Backbone.js to React.
- Improved application performance by enhancing the API instance to cancel pending requests when navigating between pages, reducing unnecessary network calls and resource consumption.

**Senior Frontend Software Engineer • KPMG, Germany** (Remote via MusalaSoft) **March 2022 - June 2023**

- Built a real-time tax and service analytics platform with dynamic charts using Next.js/TypeScript.
- Created a plugin for easy integration of interactive charts on external sites.

**Frontend Team Lead • Baims, Kuwait** (Remote) **July 2020 - March 2022**

- Led the frontend team to revamp the Baims platform with a new architecture, improving service delivery speed and performance using Turborepo, Next.js and TypeScript.
- Developed an authentication and routing structure to manage navigation between the new and old apps, enabling Baims to launch the new app in stages with Next.js and TypeScript.
- Implemented a caching-based redirect system to manage seamless redirection between the new and old apps using Next.js and TypeScript.

**Senior Frontend Software Engineer • Reach.link, Kuwait** (Remote) **April 2019 - July 2020**

- Implemented the Reach app with SEO optimization, awards system, and ads system using ReactJS and Next.js.
- Developed dynamic generators based on profile options for Reach stories, Reach cards, and gamification features using VueJS and Nuxt.js.

**Frontend Software Engineer • CyberTalents, UAE** (Remote) **July 2017 - April 2019**

- Revamped the UI for a more user-friendly design and refactored styling from CSS to SCSS and TailwindCSS components.
- Implemented a page caching system using Turbolinks for improved performance.
- Refactored JavaScript file structure into JS modules managed with Webpack Mix.

**Frontend Developer • BrandWorx, Egypt** **June 2016 - July 2017**

- Converted PSD to pixel-perfect HTML with animations for sites like Honda Egypt, Changan, and Nahda University.

## Professional Contributions

**React Session Lead • Udacity** **Dec 2021 - July 2023**

- Addressed student questions during Connect sessions and managed weekly sessions to support student learning.

**Top-Rated Frontend Software Engineer • Upwork** **July 2021 - October 2023**

- Assisted clients in fixing, scaling, and building apps from scratch as an individual contributor.

**Frontend Software Engineer • Tarteel.ai, USA** **Winter 2019**

- Developed a third-party Quran voice recognition API using Node.js and a dynamic voice icon responsive to tone.

**Frontend Software Engineer • TeamKnot, USA** **Winter 2020**

- Developed sports management software for academies to manage players using Vue.js and Nuxt.js.

## Education

**Bachelor of Computer Science • Cairo Higher Institute, Egypt** **Oct 2013 - May 2017**

- Trained at **Microsoft Egypt** and was selected as a **Microsoft Student Program representative** at my university.
- Guided students in frontend development as a Frontend Instructor for the Wonderbox student program.
